

My God Is for Me

1. My God has called me to embrace the truth that He is for me.
2. My God has welcomed me to rest with-in His love for-ev-er.
• 3. My God has promised I may dine and sit at His own table.
4. My God has bid me trust Him now and take this lot He gave me.
5. My God has freely opened wide the glorious gates of Heav-en.

It matters not the path I face or if there's pain before me—
No tragedy nor troubling test could me from God's love sever.
• Tho' I am sin, and He Divine, His grace has made me able.
Tho' I confess I know not how, this too must serve to save me.
Soon I will enter and reside, and wear the crown I'm given.

all things will be worked out for me; my welfare is His pleasure.
My every care, I place them there with-in His hands completely.
• I must believe, and now receive the cup that He is giving:
While all around I hear the sound of evil news reporting:
He'll wipe my eyes as I arise to sing of such salvation,

So I must cherish what He says: I am His precious treasure.
for as a father to a child, He's always loved me sweetly.
• for in its overflow I find the waters ever-living.
with grace and peace and tenderness my soul He is supporting.
'til then these tears will be the sign of loving adoration.
